

NDIS Quality
and Safeguards
Commission

MC24-001549

Mr Michael Mattocks

Via email: michael.mattocks@networkingcommunities.com

Dear Mr Mattocks

Thank you for your email of 28 November 2024 to the Minister for the National Disability Insurance Scheme (NDIS), the Hon Bill Shorten MP, the status of the application to vary the NDIS provider registration for Networkingcommunitiescompany Pty Ltd. The Minister has asked me to reply to you on his behalf.

The NDIS Quality and Safeguards Commissioner (Commissioner) may vary a provider's registration where they consider it appropriate in all the circumstances to do so, under section 73L of the *National Disability Insurance Scheme Act 2013*. In considering a provider's application for their registration to be varied, the Commissioner considers, among other things, whether the provider has been assessed as meeting the applicable standards and other requirements of the NDIS Practice Standards and that they are suitable to provide the relevant supports and services to people with disability, as is required to be a registered NDIS provider.

The NDIS Quality and Safeguards Commission (NDIS Commission) received a completed application requesting to vary the registration of Networkingcommunitiescompany Pty Ltd on 20 May 2024.

The application and audit reports has now been considered in full and the application to vary Networkingcommunitiescompany Pty Ltd's registration was determined on 28 November 2024.

You are encouraged to contact the NDIS Commission's Provider Registration team on 1800 035 544 or by email at registration@ndiscommission.gov.au for any further assistance or enquiries about Networkingcommunitiescompany Pty Ltd's registration.

Thank you for bringing your concerns to the Minister's attention.

Yours sincerely

Matt Barr
Assistant Commissioner - Market Operations (Deputy Registrar)
